Corporate Overview

Trevia Consulting delivers 25+ years of federal experience spanning project/program management, capability planning, acquisitions, operations, and technical writing—including CBRN exercise analysis and security cooperation partner nation requirements alignment to strengthen joint outcomes.

Our Experience

- ✓ **EY/DoT - Key Achievement.** Fostered key relationships with sub-contracting stakeholders. Led \$2.5M IDIQ and multiple \$1M technical deliveries, strengthening subcontractor execution networks.
- ✓ **AFS/Army - Key Achievement.** Change management: Automated requirements workflow, reducing 3 FTE to 1.25 FTE, saving \$200K+ annually.
- ✓ **BUMED - Key Achievement.** Solely authoring the training and policy document giving life to the Naval Bureau of Medicine and Surgery Chemical, Biological, Radiological, and Nuclear (CBRN) Medical Exercise Project, supporting over 10,000 military reserve service members, to change the way the military trains its medical staff to support the warfighter on deployment.
- ✓ **BGS/DHS - Portfolio financial and business case analysis** for a \$200M+ mission realignment.
- ✓ **DTRA - Chem/Bio Defense -** Provided chemical and biological consulting, operational planning, and technical documentation supporting exercise design, readiness analysis, and capability alignment.
- ✓ **USN/Pentagon – JCIDS, PPBE, and Foreign Military Sales (FMS) support** for an \$8.5B Major Defense Acquisition Program (MDAP), optimizing cost, schedule and performance supporting operational forces. Supported development of the \$62M Tactical Data Dissemination Initiative (TDDi) and managed Technology Transition Agreements (\$62M) establishing foundation for future Naval capabilities.
