SEPTEMBER, 2020 [Covid-19 Update]

With all going on these days during the current state of the Coronavirus Pandemic, we here at Desert Decay Manor would like to bring a fraction of normalcy to the 2020 Halloween Season. We are hoping to open this season with a few necessary changes to better protect all. Desert Decay Manor and staff shall

do our very best to ensure all visitors are safe as can be by sanitizing all traveled areas within the haunted house. No longer will we utilize drop cloth curtains or push doors between our scenes/rooms. There will be no touching or up-close scare tactics via live actors. All scares and thrills will be modified to meet NO-Contact and use Social Distance per State/County guidelines.

To better help prevent any cross contamination, we ask all visitors to use PPE(face masks) and NO touching of any props/decor/walls throughout the haunted house. NO MASK means NO ENTRY. These steps are being taken to better serve you and still deliver fun experiences with a thrilling atmospheric delight. We all love Halloween here and look forward to providing a bit of horror and thrills at the manor. We now bid you farewell, for now.. Ciao!

The KillGores
