The Manager shall trade with professional care, risk controls, and full transparency. All Investor funds shall be used exclusively for trading activities and reasonable business operating expenses directly related to the management and execution of such trading, including administrative costs, professional services, technology, data subscriptions, utilities, taxes, and home office expenses associated with maintaining trading operations. 11. Fiduciary Commitment

At MNS Investing, the Manager operates with a fiduciary mindset. Protecting investor capital and maintaining transparency, integrity, and accountability guides every decision. The Manager does not earn a return unless investors do; your interests come first.

12. Tax Obligations

All profit distributions under this Agreement represent **gross returns** before applicable federal, state, or local taxes. The **Investor is solely responsible** for reporting and paying any taxes due on profits received under this Agreement. The Manager does **not withhold or remit taxes** on behalf of the Investor and will provide a summary of distributions upon request for the Investor's records. The parties acknowledge that trading profits generated under this Agreement are taxable to MNS Investing LLC. The stated return has been structured to ensure the Investor receives approximately **\$37,500 in net profit after applicable taxes**, with the Manager absorbing a portion of the tax liability.

13. Tax Adjustment for Manager

The parties acknowledge that trading profits generated under this Agreement are taxable to MNS Investing LLC. To ensure the Investor receives approximately \$37,500 in net profit after applicable taxes, the stated return has been structured with a partial tax-adjustment.

The Manager may absorb a portion of the tax liability and reserves the right to make minor adjustments to investor distributions to account for taxes, fees, or costs directly incurred in connection with such trading activity. Any adjusted payment shall fully satisfy the Manager's obligations under this Agreement, provided the total amount distributed reflects the Investor's agreed profit participation net of applicable taxes paid by the Manager.
