Race Night for The Music Festival

At the end of March, Another Loud Sunday gave a great evening's music and helped to raise money for the Summer Music Festival. With the raffle money and race money combined we managed to raise £130. Our next fundraiser will be in a couple of months time and details will follow soon.

The next event is Live & Loud on the Green and remember, all funds go towards the Summer Music Festival and the causes it supports, so come down, have some fun, and raise some money.
