A Truly Superior Delivery System

- Penetrates Deeper into dry fertilizers with higher absorption and better coverage of actives;
 - (20% ai performance as good as other brands with 26.7% ai).

Powdered 'Rhodamine 6G' dye (20 mg, Sigma-Aldrich product No. R4127-25) was added to 10 mL of N-Yield and Agrotain Ultra and mixed thoroughly. After dying, both products had a similar bright red color.
