

**Innovar Ag is a leading nutrient efficiency company** dedicated to the development and commercialization of technologies to help farmers be more productive. We are delivering innovative and quality products to the agricultural nutrient market, with a focus on an economic, agronomic and re-sponsible approach.

The people who work together at Innovar Ag share a wealth of industry experience with our partners. We strive to be a resource to help you lead your business forward.

**Innovar AG believes in innovation and remains committed to developing new and improved products for the benefit of you and your customers in the agricultural market. Please let us know how we can help you.**

The **PENXCEL Technology** platform is a launching pad for a full line of innovative new products for improving the efficiency of nitrogen and phosphate fertilizers. Our fertilizer additive products, including **N YIELD™**, **N-BOUND™** and **PHOS GAIN™** utilize **PENXCEL Technology** to improve the performance, speed blending and enhance the handling characteristics of fertilizer.
