1. Strong *scientific* evidence points to the intelligent design of the universe.<sup>1</sup>
2. In all of history, only Jesus manifested the power of the Intelligent Designer/Creator, including power over death, and fulfilled the Messianic prophecies.<sup>2</sup>
3. Evidence for the very early origin and authenticity of the Gospels includes writings of Early Church Fathers and others, ancient papyrus fragments and many underlying *Semitisms*, which account for the "ear-grating" Greek in the Gospels.<sup>3</sup>
4. Jesus founded *one* Church, said there shall be *one* flock, *one* shepherd and prayed for the *unity* of all believers.<sup>4</sup>
5. Having instituted the *Eucharist* and given primacy in his Church to Peter, the risen Jesus commissioned the Apostles to make disciples of all nations.<sup>5</sup>
6. The Pope and Catholic bishops today are the spiritual and historical successors of Peter and the other Apostles.<sup>6</sup>
7. Although denied by Peter, betrayed by Judas Iscariot, abandoned by all apostles but John and scandalized by some of the ordained and consecrated, including a few popes of history, **Jesus gave us no biblical "escape clause" to reject the one Church he founded and, through the Apostles, promised to be with always.**<sup>7</sup>

1 Blessed by Padre Pio in 1947, girl born blind has seen normally since, though still without pupils. If not to a benevolent supernatural "Designer" who can suspend the laws of physics, to what does science attribute such miracles? Also, 600+ scientists signed the online *Scientific Dissent from Darwinism Statement*.

2 Only Jesus, having raised others from death, had his own well-attested Resurrection and said he will judge each of us when we die (Jn 5:22)
