Here at Uncle Chickens our family strives everyday to make our food with care and love. If we happen to make an oversight we would like a opportunity to make it right Some people are so quick to give one star and social media bully restaurants and not give them a chance to make it right. Social media bullying WILL NOT be tolerated at Uncle Chickens. EVERY restaurant deserves that chance. Just tell us on the spot. We don't guarantee (crisp) delivered fries. Working on a solution. "ALLERGIES- MAKE IT KNOWN TO US - WE USE PEANUT OIL AND WE HAVE SHELLFISH" WE WILL NOT COOK ANYTHING RARE PLEASE DON'T ASK. During high volume phones and online may be turned off in order to give the best possible service to our in person guests. We will do our best lo try and accommodate everybody.
