

NORFOLK NETBALL DEVELOPMENT OFFICER REPORT

ANNUAL REPORT 2022-23

Background info.....

I started this role in June 2022 but spent at least 3 months training. I live in Wisbech which is in Cambs but Norfolk is only 1 mile away from my house as we are right on the border. I have played netball in the West Norfolk league & also at county & regional level for Rookies NC. I am now retired from playing due to an ACL injury. I am a Level 2 coach, B award umpire & Walking Netball Host. I set up Rookies NC in 1999 when it was a school team & it now has over 100 members including a large junior section & was awarded Outstanding Netball Club for the East in 2016, I retired from running the club last year when I started this NDO role. I founded the Wisbech Netball league & Fenland Youth leagues & chaired the leagues for over 20 years. I've coached many Back to Netball sessions over the years which resulted in several new teams being formed. In 2011 I was awarded the East & then National Golden Globe Award for Outstanding Contribution to the development of grass roots netball. All of this was done in a voluntary capacity whilst I worked full time & raised a family so I am well aware of how valuable your time is as volunteers & the pressures we all face finding time to fit netball into our busy lives. It is great to be part of Norfolk & to help develop netball opportunities in the county.

Season 2022/2023 info as of 17th May 2023

Level 1 – online

Level 2 – Cambridge 8th June or Lincoln 15th June

B award course on 17th August @ Cambridge Regional College

Walking Netball Host course – 22nd July @ Thetford Academy

General Info

You may wonder why there are so many Walking Netball sessions in Norfolk!!? In Norfolk 20% of the population are 45-59 years & 32% over 60+ so that's 53% of the population who are over 45 years young making Walking Netball extremely popular. We also have 4 new WN hosts who are actively running sessions around the county.

I would like to be able to run more England Netball approved sessions around the county so I am very keen to speak to any clubs, coaches or umpires who would like to set up partnership agreements or have capacity to run some EN sessions. You will need a Level 2 coach or a C award umpire for the Netball Now sessions. With the Adventure Strategy we are really trying hard to work together with all of our members to the same goals in developing netball & I know there are a lot of people doing great work around the county that I would like to find out about.

Please come & speak to me at the end if you would like more information or email

Andrea.Eggleton@englandnetball.co.uk

Also please like my facebook page for updates on events Norfolk Netball Development Office 😊

Thank you

Andrea Eggleton
