

Capability Statement

Chief SCC LLC
Specialized Containment and Compliance
Virginia Beach, VA
(757) 575-8767
kmitchell@chiefssc.com
Chiefssc.com

Core Competencies:

Chief SCC delivers Specialized Containment and Compliance for high-risk environments. Providing hazardous material solutions for federal, state, and commercial clients operating in high-risk and regulated environments.

- Hazardous Material Handling & disposal Support
- Environmental remediation & Site Cleanup
- Demolition & Contaminated Site Preparation
- Containment & Decontamination Operations (CBRN – aligned)
- OSHA & EM 385 -1-1 Safety Compliance Enforcement
- Regulated Waste Coordination & Transportation
- Emergency Response & Rapid Deployment Operations
- Construction Site Safety Oversight & Risk Mitigation

Past Performance:

While **Chief SCC** is a newly established entity, leadership brings extensive experience in executing operations in hazardous, regulated, and high-risk environments.

- FAIRWINDS Terminal Services (Oct 25 – Jan 26) Prime logistical transport of specialized materials from NC to VA (muti-site coordination)
- SRS Group (Jan 25) Prime DTRA-related consultation on turbine energy systems and hazard considerations.
- The Miller Group (Jan 24 – OCT 24) Sub-Contracted Water damage and renovation of property
- USN (2010-2022) Oversaw CBRN safety operations, risk mitigation, and compliance enforcement
- USN (2014-2019) Executed multi-trade construction coordination, planning, and site operations

Differentiators:

Chief SCC delivers a rare combination of elite operational leadership, environmental compliance knowledge, and construction execution capability.

- 25+ years military leadership experience in high-risk, mission-critical environments
- Former Navy SEAL Senior Operator (DEVGRU - TIER 1)
- Extensive experience in CBRN environments and decontamination operations
- Proven ability to lead teams (up to 60 personnel) in hazardous conditions
- Trained in federal safety standards including OSHA and EM 385-1-1
- Rapid response capability for emergency and disaster-related operations
- Experienced in supporting federal, military, and high-risk operational environments
