For 62 years we have gathered at Finch Arboretum* every July 4th to celebrate the ideas that founded our nation and changed the world. In a time of Kings, our nation's founders declared governmental powers rightly come from its people — not the King. Moreover, they asserted that all people are created equal, each with “unalienable” human rights and individual freedoms. The purpose of government should be for the protection of these rights.

Do we still believe this?

Join us for a program of poetry, oratory and song. Help us read aloud the Declaration of Independence. We are a non-partisan, kid friendly event that gathers in the cool shade by the Woodland Building.

Bring your own picnic and chairs. Water will be available. Please bring your own cup or water bottle. Restrooms will be open.
