

## Dual Scale Pressure Gauges

Advantech Aqua™ Dual Scale Pressure Gauges are manufactured with a heavy duty, sealed stainless steel case that protects from ambient conditions. Advantech Aqua™ Dual Scale Pressure Gauges are an ideal choice for harsh ambient and process conditions.

- ✓ World Class Manufacturing Facility
- ✓ Precision Manufacturing Tolerances
- ✓ 35+ Combined Years Experience

### Features

- Reinforced 304 Stainless Steel Casing
- Nickel Plated Brass Connector
- 2.5mm Reinforced Quick Release Mounting Clip
- UV Resistant Screen Printed Dual Scale
- Individually Tested for Accuracy

Advantech Aqua™ Panel Mount Gauges						
Part Number	Pressure Rating (psi) / (Bar)	Type	Connection	Dim A	Dim B	Dim C
40001	0-100 / 0-7	Glycerin Filled	¼" MNPT	.63"	2.50"	2.79"
40002	0-300 / 0-20	Glycerin Filled	¼" MNPT	.63"	2.50"	2.79"
40003	0-160 / 0-20	Glycerin Filled	⅛" MNPT	.50"	1.60"	1.84"
Advantech Aqua™ Bottom Mount Gauges						
Part Number	Pressure Rating (psi)/(Bar)	Type	Connection	Dim A	Dim B	Dim C
40005	0-100 / 0-7	Dry	¼" MNPT	.63"	2"	2.29"
40006	0-300 / 0-20	Glycerin Filled	¼" MNPT	.63"	2.50"	2.79"

\*Pressure Gauges are calibrated using a solution with 1000 conductivity, 25C° Temperature with a +/- 2.5% Accuracy Rate.
