Begins at 9:30 am, 1 pm, 3:30 pm

Dean Braxton was clinically dead for 1 hour and 45 minutes. He says "It's not about if I died, the doctors proved that. It's about where I went when I died".

Dean will be sharing and teaching from

his book "Deep Worship in Heaven"

"Dean Braxton gives the modern Church a glimpse into an eternal place that few get to see and then return and tell. The things he has seen and describes are scriptural and incredibly challenging to those who have their mind made up about what lies beyond."
