

#1-God Before Creation!!

(Written with 5 minute audio) (A short Bible history!)

(See Bible history on your phone at: faithmbi.com)

1-The Bible **was and is** God speaking. Hebrews 4:12 says: “the word of God is quick and powerful.” **It is the Word of God (God’s Word in writing, which is our Bible)** and is the bestseller of all time. God’s Word in Hebrews 1:2 says is “spoken unto us by his Son.” The Word (John 1:1-3) speaks of **Christ and his person before the beginning of Genesis one**, and then his actual speaking and “upholding all things by the word of his power, says God in Hebrews 1:3. **Then, the Word was made flesh as say both I John 1:14 & I Tim 3:16).** **Great is this mystery** of godliness,

even before the beginning

ex-

isted, “created all things & was before all things” (Colossians 1:16, 17). The Word was and will always be. The Word created all things says St. John 1:3. The Word, or **the second person of the Godhead (Colossians 2:9)-who we call God, Godhead or Trinity.**

I Timothy 3:16 calls all these things **the mystery of godliness** or they are too big & too deep for us to understand or explain in human words or understand in our minds. I John 5:7 speaks of the Godhead (Colossians 2:9), saying “these three are one- **yes one, but three.** Our God speaks through His word- the Bible. He is beyond our understanding and explaining, yet we know and feel him. Praise the Lord!!!

2-Deuteronomy 29:29 says that **God has secrets**, but why? **Is it because we are not smart enough to understand?** He has secrets about **his Person, eternity length, space distance, providence**, when we will die, and more heavenly details. And again: **What did God do during all eternity? We do not know. He did not surely just wait** for creation & what we call time.

3-Let us look at God’s Word, the Bible, to learn more about God, about ourselves, why we are here, & why we need a Bible for now and for our long future,

long eternity. **If we like the good now, what do we want for eternity.** We are traveling toward the last half of our never-ending future eternity.

*What are our future activities? **Are you interested?** **What we know comes from the Bible-like it or not.**

*Join me to learn more about **our spaceship map**, God’s Holy Word, the Bible, or Thus Saith the Lord!!

4-**The Bible is made up of 66 books, by more than 40 authors during about 1,500 years.** God spoke through men, so it is God’s Word, **not Moses’ words, not Paul’s words-not our opinion.** Its central message is God's salvation, Jesus Christ’s human genealogy, life, death, and his coming again. *As God's Spirit **breathed on the authors of the Bible**, they recorded the messages. With their words, so we understand who **we are, who God is, what has happened, is happening and will happen. God is eternal.** (enlarge illustrations.)

5-The Bible was recorded, in clay, stone, ink, papyrus, vellum, parchment, leather, and hopefully in our hearts and minds. **Unless**, we are **too insincere or lazy to study and meditate on his word!** **Know it for yourself!**

6-The **Bible** was written in **Hebrew**, Greek, and Aramaic, translated into many languages so as to fulfill **the great commission** (Matthew 28) and (Acts 1:8) which say to go to all nations. It is left in your and my hands-a great mystery and responsibility. We must know God’s word **for ourselves**, and **not just accept what books or people say, or our imaginations want to think.** **Search God’s scriptures, the Bible.**

by false science. This science falsely so-called as God calls it (See I Timothy 6:20), contradicts and 7-The Bible, God’s **word, and plans have been prepared and preserved** in the mind & **fore-knowledge of God, long before creation in Genesis one.** The Old Testament tells us that God made everything, (including humans), first revealed through Moses, telling the history of the universe, though **contradicted** confuses facts & evidence with theories. False science does not consider all things were created with age, whether planets, plants, animals, or people (See Genesis 2:7).

8-**Angels did NOT change baby Adam’s clothes**, and God’s word assures us that he created big mature animals (Genesis 1:21) and not just fish eggs. Only God has those videos of creation, history, and the thoughts of men, including yours and mine, even right now. All is recorded except those sins covered by the Blood of Christ when we are forgiven.
