

***13-A.D. 1844 - The Codex Sinaiticus, was discovered** by Konstantin Von Tischendorf, in a monastery, **for the Russian Czar**. It was found in a trash can, being **used for firewood** they claimed. There is much evidence that it was a fabrication and was not in use. It contradicts the Pope's Vaticanus (of an unknown source and incomplete) (3000 places in the four gospels alone.) (more than 6000 in all changes contradicting).

***14-The Vaticanus**, appeared in 1475 in the Popes library, coming from the unknown and was **captured with the Pope, and was taken to France by Napoleon** for many years before it was returned to Rome.

***With the Sinaiticus**, these two contradicting each other, were combined into the Nestle's text by **Westcott and Hort**. Their writings show they did not believe the scriptures, & hated the Textus Receptus.

***15-A.D. 1881-The Revised Version** first thought to be a Revision of the King James 1611 English Bible, was a **“trickery money making” Bible, PRE-SELLING 2,000,000 changed Bibles in four days**. Over 400 English new versions came from the same as the Revised Version. **Due to copyright laws, 10 percent difference is required between all 400** modern English Bibles. Many varied and incorrect words have been **added and changed to get their copyrights**. Changes have not come from actual studies, except when wanting to change doctrine and truth. These studies were **to find words to obtain their ten percent difference for copyrights**, and **to change and weaken doctrines, especially related to the deity of Christ**. **Again, I wish this were not true**. *Revelation warns against removing words.*

***16-A.D. 1901 - The American Standard Version** came to exist, and **has often been changed**.

***17-A.D. 1946-1952 – The Revised Standard Version**-Catholic-claiming Protestant Bibles-came from the Vaticanus, and Sinaiticus mainly, and from few manuscripts-less than 50. **There is only one Vaticanus and only one Sinaiticus and no other** like these individual copies whose sources are both unknown, also.

***18-A.D. 1971 - The New American Standard Bible (NASB)** has had several updated copyrighted changes.

***19-A.D. 1973 - The New International Version (NIV)** has **63,000 missing words** and falsely claiming **not to change doctrine**, removing main teachings relating to the Godhead & deity of Christ-making several changes.

***20-A.D. 1982 - The New King James Version (NKJV)** with at least four updated copyrighted additions, and **falsely claiming to be an authoritative Textus Receptus Bible-false footnotes, are here as well**. *Don't want to believe this.*

***21-A.D. 1996 -The New Living Translation (NLT)** Catholic with variants (differences) denying any true Bible.

***22-A.D. 2001-The English Standard Version (ESV)** is like many more of the 400 plus changed Bibles. Many new version producers **are looking for new evidence in hope they may find the real Bible**. *They don't believe.*

***And who** is the biggest Bible producer in the world?—**Communist China** produces over one million each month. **And how they must laugh at Protestants, as China produces twenty or more contradicting Bible versions, even at the same time**. These don't say the same thing. And if one thinks they do, they are either ignorant or deceitful. This is the reason many USA Bible school students **going to become preachers change to other professions**. They are taught Bibles don't say the same. **Some Dumb Bible School Teachers** think they are smart to use the 400 contradicting Bibles to show that we have no correct. **Is that Bible school or Doubt-Dumb school?**

***23-So**, when you are using a changed Bible, **what does God think about it?** What would those burned for the Textus Receptus say to you if they were alive today?

***24-Do you believe God has spoken and speaks?** I hope so. Your problem is with God not others. **Moses, the apostles, the reformers and the 50 King James 1611 Version translators who were the most educated of all time, believed in it**. We believe that we have the right Word of God-the 1611 King James Bible, coming down **1-from heaven from God, 2-to his prophets, 3-approved by Christ in the temple preaching, 4-the persecuted Christians in the first centuries like in Hebrews 11, 5-Erasmus, 6-Tyndale, 7-Williams, 8-Coverdale, 9-the Chained Bible, 10-the Geneva Bible with Calvin, Knox, William Farrell, 11-the Waldensians (Valdoi), 12-the Bishop Bible, and finally the King James**

1611 Bible. The so-called Revised Standard Version appeared in 1881. It has its 400 children Bibles that attempt to change God's true Bible, thus contradicting God and themselves. **Don't remove or add to!!! God says in the last verses of the book of Revelation. (Changed Bibles to 2000 A.D. 6 parts of Bible history.)**
