

MATERIAL PLANNING CONSIDERATIONS

A material consideration is a matter that should be taken into account in deciding a planning application or on an appeal against a planning decision.

Material considerations can include (but are not limited to):

- Overlooking/loss of privacy
- Loss of light or overshadowing
- Parking
- Highway safety
- Traffic
- Noise
- Effect on listed building and conservation area
- Layout and density of building
- Design, appearance and materials
- Government policy, including Green Belt policy
- Disabled persons' access
- Proposals in the Development Plan, including Green Belt policy
- Previous planning decisions (including appeal decisions)
- Nature conservation

However, issues such as loss of view, or negative effect on the value of properties are not material considerations.

There is no set list defining material considerations, your Local Planning Authority will decide what is deemed to be 'material'.
