

# BCP Local Plan - June 2026

## BCP Local Plan: Scoping consultation and Call for Sites

We are launching a Local Plan Scoping consultation and Call for Sites.

### BCP Local Plan Scoping consultation

The BCP Local Plan will provide a strategy for growth over a fifteen year period between 2028 - 2043 and includes planning policies against which future development will be assessed.

We are consulting at an early stage in preparing our new Local Plan and would welcome your views on:

- the key issues the Local Plan should address
- what our Plan should include
- how we should engage with our communities and stakeholders.

### BCP Local Plan: Call for Sites 2026

We have now opened a further Call for Sites to gather information about land availability for the new local plan.

If you submitted a Call for Sites form in 2025, **you do not need to complete this form again.**

**Local Plan: Streets with potential for intensification**

In addition to sites, we are also seeking suggestions for streets that may be suitable for higher-density development. Ideally these should be on a bus route allowing people good accessibility without needing a car.

**The consultation period will run for six weeks between 15 June and 27 July 2026**

Full details of the Scoping consultation, Call for Sites and how you can respond are available by clicking the box below.

**Find out more about the consultations here**
