

Hope FULL

Books 4 Kids Legacy of Literacy has officially helped all ten of our market center communities! Dekalb County is next!

Our **Books 4 Kids Legacy of Literacy** program came to fruition with one simple goal in mind - to reach as many young readers as possible in order to encourage literacy. And what better way to reach young readers than through the library system?! This spring Kares 4 Kids reached **over 25,400 kids through a donation of board books** to 15 branches of the Gwinnett County library system, and another **13,008 young readers** in the Athens-Clarke County libraries! Since we started it in 2018, we have reached hundreds of thousands of children in ALL of our Atlanta Partner's communities!

Kares 4 Kids Fun Fact

As of 2021, we will have given school book bags filled with supplies to **22,539 children** through our Book Bag donations! Our awesome agents find the children who need them the most and ensure they have what they need to start a new school year!

Book Bags 4 Kids

We are donating 1,172 book bags overflowing with school supplies for back to school!

Shopping 4 Kids

On September 9th we will help 20+ charities with a budget of over \$35,000 to re-stock their empty shelves!

"It is incredible to meet the real Heroes."
 "I love to go to the Shopping 4 Kids event because it gives me an excellent opportunity to see firsthand how much the money we raise for these kids affects the real heroes. The people who struggle to

help kids in their own backyards. The people who stretch their hours and budgets to better these kids' lives. To see the excitement of the people who run the charities while shopping gives me goosebumps. I am thankful to have the gift of service and to see so many others with this gift makes me humble and appreciative. It's an event that I look forward to every year because it fills my cup by allowing me to see firsthand the impact we are making in our own communities."

Does your child's school have children who need school supplies?

Please let your Ambassador know!

"Every community has children who go without..."

...I am thankful to be a part of an organization that believes in giving back to our local communities. Children love receiving our Book Bags full of supplies because they are getting something new for the new school year that is all their own. And the school supplies are not only appreciated by the children, they are also appreciated by the teachers who often have to spend money out of their own pockets to have classroom supplies. The smiles on the faces of the children and their teachers, parents & caregivers make our donations of time, talent & treasure to Kares 4 Kids immeasurably worth it!
