

DODECAMEGONE

Directions: Fill in each pentagon of the dodecahedron with the direction given.
DECORATE each side. Cut out each side, fold on the dotted line, and glue each flap together.

1. Write your name and its reflection!!

2. Write 21 ÷ 7 words that describe YOU!!!!

3. Use a ruler and draw a right scalene triangle. Label the sides, and compute the area and perimeter. Be sure to put the answers somewhere on the pentagon.

4. Use a ruler and draw a trapezoid. Label the sides and height. Compute the area and perimeter. Be sure to put the answers somewhere on the pentagon.

5. Write your favorite song, food, color,
dessert, and store.

6. Write your dream job.

7. Use a safety compass and draw a circle.

Label the radius and diameter. Compute the area and circumference. Put all measurements and answers on the pentagon.

8. Use a ruler and draw two perpendicular

rectangles. Label the sides. Compute the area and perimeter.

9. Write these numbers in the pentagon and use any operations so they equal 24.

5, 2, 4, 11

10. Write your teachers name, and then $\sqrt{16}$ words you would use to describe her/him.

11. List 8 - 6 things you hope you never have to live without.

12. Create your own directions.
