Manchester, UK / Jakarta, Indonesia - Open to Relocate

PROFESSIONAL EXPERIENCE

Denton Corker Marshall

Architectural Designer

Manchester, UK

July 2024 – August 2026

International award-winning architecture practice studios in London, Manchester, Melbourne, and Jakarta; delivering high-rise residential and commercial landmark developments across Australia, Asia, and the UK.

- Contributing to a live high-rise residential portfolio exceeding £500M in combined project value, spanning Bankside at Colliers Yard (444 units, approx. £140M), Parkside Plot F&G (518 units, approx. £250M), and No.1 Castlefield (500+ units) across Manchester.
- Produced and coordinated Gateway 2 submissions at RIBA Stage 4, ensuring compliance with the Building Safety Act and managing regulatory approval risk under the post-Grenfell regulatory framework across multiple concurrent high-rise schemes.
- Driving construction-stage delivery at RIBA Stage 5 across live on-site projects, managing technical drawing packages, specifications, and contractor design queries with direct accountability for output quality and programme.
- Maintaining cross-disciplinary coordination with structural engineers, MEP consultants, contractors, and developer clients, managing design resolution across complex multi-team project environments.
- Applying commercial and value-engineering judgement to design decisions, balancing design intent with developer-driven budget constraints and feasibility requirements.
- Exposure to developer-led residential development aligned to investment feasibility, programme delivery, and return-driven design constraints across large-scale urban assets.

Robert Davies Architects

Architectural Assistant

Coventry, UK

May 2023 – June 2024

Coventry-based chartered specialist architecture practice with expertise in heritage conservation, restoration, planning, and statutorily protected listed buildings projects, working across historic and contemporary developments in the West Midlands and wider UK.

- Projects include Buckden Towers, Reform Club Coventry, and Brinklow Manor Mill, encompassing listed building conservation and adaptive reuse schemes with capital values typically ranging from c. £500k to £10m+ across phased heritage-led developments.
- Delivered design support across multiple residential and mixed-use projects at varying RIBA stages, producing technical drawings, models, and client presentation material to a professional standard.
- Represented the practice at client meetings, site visits, and contractor meetings, contributing directly to stakeholder communication and project decision-making.
- Researched materials, product specifications, and planning legislation to inform project delivery across multiple active commissions.
- Supported practice marketing and communications, contributing to client-facing content and studio profile.

PT Smart Anugerah Perkasa

Marketing and Business Development Intern

Jakarta, Indonesia

April 2022 – September 2022

Jakarta-based architecture, interior design, and construction studio delivering residential and commercial projects with property development activities, operating primarily in Jakarta and surrounding regions across Indonesia.

- Gained direct exposure to director-level business development activities, participating in client pitches, growth strategy discussions, and commercial decision-making.
- Supported project acquisition and early-stage development by contributing to design proposals aligned with commercial briefs and feasibility requirements.
- Produced architectural drawings, spatial plans, and visualisations for client presentations, supporting projects from brief through to concept stage.
- Contributed to client consultations on material selection, finishes, lighting, and spatial design across residential and commercial commissions.

LEADERSHIP & ORGANISATIONS

OISAA Coventry

2022 – 2023

Head of Content, Creative, and Media Department

Student-led overseas Indonesian association at Coventry University, part of the UK-wide PPI (Persatuan Pelajar Indonesia) network representing Indonesian students across the United Kingdom.

- Led the Content, Creative, and Media Department, taking full ownership of publications, social media strategy, and organisational branding across all channels.
- Grew the organisation's social media reach by 178% and engagement by 169% within a single academic year through strategic content planning and execution.
- Produced and directed two original content programmes: a professional interview series and a video news format, managing the full production pipeline.
- Oversaw creative strategy, graphic design, and content curation across multiple digital platforms, managing a team of contributors to consistent quality and output.
