

This site was pivotal in 2020 but Labor refused to listen and still has not learnt - it is being loaded to show Morrison's Malevolence was NOT vanquished in May last year. My work was world-leading, offered to Biden

The characteristic pattern of Albanese administration since 2007 has been the following:

- Acknowledge the need for action, quieten it
- Set up a small unit with a good sounding name, nice office
- Give it a small amount of money but get other people to throw-in gifts
- Bluster his way through critiques of not achieving effective outcomes, do-nothing and take no risks re failed implementation as the intent.

The current examples are rebuild, climate change, infrastructure Australia, the referendum, Moorebank, bushfires (soon?), fast trains and AUKUS.

Other characteristics are an inability to think up solutions that work Vs ideas that don't work (many of), and to suppress people who can do that with successful track records. His success depends on not creating too much angst and avoid a critical momentum (which he has failed at)

Rule of Law

You do understand, don't you, you that the Rule of Law means there are checks and balances all through society, the Parliament and its committees, the corruption investigators, the Auditors-General, the various police forces, special commissions into rogisish behaviour, journalists who don't let anything past them, and universities which are the best brains in Australia.

Alright, I've finished telling jokes, Morrison and Frydenberg should not have happened just as right now Albanese & Kennedy & Chalmers should not be happening, and cruelty and deaths should not be inflicted on whole sections of society.

So much is fundamentally anti-democratic and wrong yet they happen. Main and social media notice only what suits them, so the underlying dynamics remain fascistic.

This is the point of FIT FOR OFFICE and the questions I'm posing to all parties throughout the accountability chains, and especially to the prime ministers and premiers and the Parliaments which wrecked the "rule of law" and *protected and promoted corruption.*

Albanese is in the frame for 1) torturing me and denying Save the Children, Police Legacy and other beneficiaries overdue relief, and 2) madministraion in budgetting, climate, Covid, bushfire risk and the like, in the manners published and the remedies.

@MarkDreyfusKCMP Have you thought how others see your performance now Vs a shift after ...

It is easy to understand the "rule of law" if you write a vertical list of things you like or don't like abt society, and if something sounds wrong, put an X next to it. See how many Xs you have to see if you have Trump or Biden, Hawke or Morrison/Albanese

@MarkDreyfusKCMP Nor you

We expect ideological govts to do capricious things, that's democracy, right? Wrong, we have a strong democracy where THE LAW says bad decisions under bad faith and bad intentions are ILLEGAL, under "the rule of law". So no, I don't accept LNP had right to take my life & assets

Re crimes Vs Fed officials, AFP emphasise intimidation & harrasment, legal test (as posted) real fear of harm &/or death. I have experienced both: elected & unelected officials (1) did nothing = offence (2) worsened = serious offence. LNP & Kennedy in sights, Albo & Chalmers &tc

What if^o Attorney-General Porter had not been a lunatic wrecker and Drefus had done his job given he was given immense pointers, how much better of would Australia be after 235 days let alone 365!

On 22 May '22 I formally gave PM detailed agenda of problems & formal offer to solve major ones as documented, as done previously. He has made clear his ownership of Morrison's malevolence and his biases now present unacceptable costs on society as w Trump, Johnson & Morrison

Kennedy getting \$1 m pa after wrecking NSW & Aus for Turnbulls, Morrison, Frydenberg & Chalmers + Albanese. My solutions are corona, bushfire risk, budget corruption, climate & kindness. My mission: achieve fairness for me, my family & beneficiaries &&& AUSTRALIA, no OFF button

If anyone thinks I'm a tad harsh, I'm the guy homeless since 3/'13, destitute, dying in the dirt in Corowa but saved & hospitalised 10 days w 3 critical conditions, permanently damaged. My crime? - produced best work in NSW, LNP robbed me blind, Albanese same, cretinous Kennedy

The cheat is avoiding OECD budget repair guidelines as I have richly documented, all because he is mean and nasty sydneybetrayals.me/albanese-chalm...

Ignore the lingua franca but am using some time to update my impeachment exercise on Albanese/Kennedy to ramp up the pressure inexorably Add label

A great deal of naivety here as Chalmers is running a subterfuge to distract from corruption he is maintaining with Kennedy to continue Morrison malevolence as I have exposed so when will you start noticing

OCD was incredibly balanced between economic and social needs and I followed its guidelines in my work but neither the LNP nor ALP have any interest whatsoever in it which is a disgrace to Albanese and Chalmers stimulus-stupidity.com/oeed-josh-was-... I think it's tim...

Neither are properly understanding the history - what went wrong and why? and what are better "options" - indeed, there is a perverse determination to not "repair" as the lack of "planning" for the future is in the hands of the people who made the mistakes and who ensure that their doors are locked against genuine planners.

2 wise sayings, if you do the crime pay the dime, and if you don't want to pay the dime don't do the crime

There are many people who Albanese is directly and deliberately hurting and it's time someone jumped up back in his face because he had a dreadful track record as a minister and fumbling now

Chalmers is a spruiker not a policy mechanic and he made nil contribution during the debate about stimulus mechanisms and approaches nor even the massive betrayal of arts and Recreation accomm & tourism by his dear chum, sydneybetrayals.me/treasurer-chal...

Been 5,292 days since Baird started to attack me, 2,631 that Kennedy has been suppressing climate/demographics etc "budget reform", 281 days since Chalmers/Albanese joined in. This is a genuine "pain" line, along it I lay dying in the dirt at Corowa + 62 days of antibiotics etc

To Dreyfus on 12 Oct 2022 and no reply. It is obviously true and many victims will attest BUT why the hell do I have to scream to be heard - and then scream more loudly!!! He is supposed to enforce the Rule of Law but subdues it to suit the torturers incl Morrison's remnants

Albanese's answer on funding Voice is on covid or Integrity: captain's call in a closed room w/o consultation w professionals or community, then pigheaded repeats "decision made" just like Morrison. Real question, said "knows he needs to change and will", why does he refuse to?

Sec Kennedy fantastic track record in costing change programs: March 2020, \$130 billion Covid "stimulus" was \$60 billion too much, led Morrison to throw lots of cash at HN & Qantas, Kennedy writing the cheques. Did great job also forgetting casuals, arts & rec, travel and accomm!
