## BACK TO SCHOOL

September is back to school time, and we are back to creating learning opportunities. Right now, you can select from a variety of online learning class through our website. Classes include OSHA 10 and 30, Electrical Safety, and much more. With free access to these courses via 360 Training you can upskill yourself and be more marketable for your need career move. As you skill up WOIC is here to assist with resume writing, career counseling, and interviewing supports. Don't forget to stop in and speak with our Executive Director or drop by the computer lab for resume support and computer literacy.

## MEDIA TRAINING

The next session cohort of our Media Training course will begin soon. Please follow us on FaceBook and Instagram for the start date. This session will run for six weeks. Don't miss out again. And stay tuned for more to come from Cohort 1 students. Their shows include "Oops I Said It", Crystal Clear, "From Broke to Financial Wellness" and the "Fifth Element"

## COMPUTER LITERACY

Our computer lab is open Monday - Wednesday 11am to 2pm. During this time, you can take an on-line course to broaden your skills, conduct job searches, gain internet access, work on resume writing or get your printing needs met. We are adding web cameras and headphones to our lab to expand what you are able to get accomplished at our lab.

If you need lab access at a different time you can contact Michelle at [woicbusinessdept@outlook.com](mailto:woicbusinessdept@outlook.com) to schedule a time more conducive to your needs when possible.
