## FROM TRAINING TO STORYTELLING: SPOTLIGHT ON LOCAL TALENT

We're proud to highlight *Crystal Clear: The Podcast*, created by one of Waterbury OIC's former media training participants, Crystal Miller . This podcast is a powerful example of how skills developed through our program translate into real-world platforms for storytelling, creativity, and community voice.

Through dedication and vision, Crystal has turned training into impact—using media to inform, inspire, and connect. At Waterbury OIC, this is exactly what we strive for: equipping individuals with the tools and confidence to share their stories and shape their own narratives.

Be sure to check it out and support this rising voice in our community! YouTube

## HONORING WOMEN, EMPOWERING FUTURES

This month, we celebrate the strength, resilience, and leadership of women who continue to shape our communities every day. From entrepreneurs and caregivers to emerging leaders and skilled professionals, women play a vital role in driving progress and creating opportunity for the next generation.

At Waterbury OIC, women are at the heart of our work—as participants, instructors, mentors, and leaders—advancing economic empowerment through education, workforce training, and career pathways. We are committed to supporting women in building skills, gaining confidence, and accessing opportunities that lead to long-term stability and success.

By investing in women, we strengthen families, uplift communities, and move closer to a more equitable future for all.
