How Maintenance Plans Work We offer two payment options: Autopay according to plan frequency (weekly, monthly, or quarterly). We will keep a credit card on file and auto charge the amount to that card. **We pay transaction fees.**

No refunds for unused services.

Pay for a full year upfront. With this payment option, you will save 15% off the total annual price of the plan you choose. No refunds for unused services. Maintenance Plan services are “use it or lose it.” If

you miss a weekly, monthly, or quarterly maintenance, that amount is not refundable, and services do not carry over into the next period. We are able to offer these maintenance plan prices because the frequency of the maintenance helps reduce the time each service takes.

Missed services mean the vehicle will be in worse condition and the next service will take longer than expected.

All Maintenance Plan contracts are for a period of 12 months and can be renewed annually. Each maintenance plan applies to a single vehicle and cannot be transferred to a different vehicle at any time.

Maintenance Plans that are on a weekly, monthly, or quarterly payment option can be canceled at any time, within 10 days (about 1 and a half weeks)' notice prior to your billing date.

There are no refunds for unused services.

**\*All maintenance customers have the option of receiving my personal mobile services, I will come to you. \***

Eligibility: An initial complete interior/exterior detail from Heavy D-Tailing must be completed on the vehicle prior to starting the maintenance plan. By doing this, it ensures the vehicle is in a maintainable condition. If you purchase a Maintenance Plan at the time we perform a Complete Detail service, you will save 20% off that detail service.
