BASEBALL

BUILDING LEADERS FOR OUR COMMUNITY WITH BASEBALL

Developed by the Erie Sports Center with the support of the Erie SeaWolves, our program focuses on developing advanced baseball players in the "travel team" or "club" level. This program is for athletes that excel in rec or little leagues and are looking for a higher level of competition.

The Jr. SeaWolves are the highest level of baseball for the Erie Sports Center baseball program and the ambassadors for their age group. Even at the highest level of competition, the focus will be on training in a positive environment that develops players according to their skill sets and age groups. We believe that our baseball teams can be used to teach valuable life skills to our youth that will teach them to be leaders on and off the field.

Through the Erie Sports Center baseball program we also have access to schedule special training sessions with some of the best coaching talent in our area in the off seasons.
