## WELCOME TO THE 2025 JR SEAWOLVES SEASON!

We are excited to share our 2025 Jr SeaWolves Pack Attack Program which includes details about all of our Erie Jr SeaWolves baseball teams, players, partners, and sponsors!

This is the 3rd year of the Jr SeaWolves organization, and we have grown from one to eight teams by building a reputation for hard work, humility and upholding a high training level. All of these wolves are among the most dedicated and hard working baseball players in the area. They participate in a rigorous, year-round training program that teaches them all the aspects of the game and equips them with the tools they need to advance to the next levels of the sport. In close collaboration with our partners, our program offers these wolves a professional level experience that consists of the following:

- Year-round training at the Erie Sports Center Sports Dome and new outdoor field.
- Access to strength training and health care programs with AHN's Dr. Jeff Kim and former MLB Strength and Conditioning Coach Frank Velasquez.
- Membership to the Erie Strike Zone Academy batting cages and training facility.
- Exclusive pricing and team gear from Rawlings and Easton.
- Hosting spring training double headers in the dome during March and April.
- Hosting our first outdoor tournament, Angels in the Outfield at Harborcreek Community Park (ages 8U to 13u).
- Hosting our first College Showcase at UPMC Park (17U).
- Travel tournaments at levels that challenge our athletes and push them to see the game at higher speeds.
- Providing assistance and support to local organizations such as Barber National Institute, Special Olympics, Erie City Mission, VA and others.
- Collaborating with schools, universities, colleges and the Erie SeaWolves to provide special events as well as coaching and training opportunities.

All these resources emphasize a high-quality experience and enhance the positive coaching methodology intended to develop the full athlete in mind, body, and soul. This is the backbone of our programs curriculum, which gives our wolves important life skills that inspire them to lead both on and off the field and transform themselves into the best versions of themselves in a life changing way.

Special thanks to KimKopy Printing, Corinne Kraus and Tanya Pfeiffer for our 2025 Jr SeaWolves Pack Attack program! We are thankful for all our great coaches, leaders, volunteers, sponsors, and partners. Many people put in tireless hours to make this program work, and it has become something special that is making a huge difference in our community. We are humbled at the growth of this program, and we will continue to work hard to make Erie proud to be home of the SeaWolves, big and small! With that, lets have a great 2025 season with our Wolf Pack! Can we get a.....
