

Product/Service Name	Sales Description	Sales Price / Rate
<b>Aquatic Invasive Species Testing:Invasive Spp. Testing</b>	Invasive Spp. Testing	200
Aquatic Invasive Species Testing:Travel Fee	Travel Fee	100
Domestic Water Testing Services:Alkalinity	Testing of water for alkalinity	20
Domestic Water Testing Services:Annual Report	Preparation and filing of annual report	50
Domestic Water Testing Services:Asbestos	Collection of samples for asbestos testing	100
Domestic Water Testing Services:Boil Water	Water sample collection for Boil Water testing	200
Domestic Water Testing Services:Calcite	Calcite 45lb	22.70
Domestic Water Testing Services:Carbamates	Collection of sample for Carbamate testing	50
Domestic Water Testing Services:CCR Reporting	Preparation and filing of CCR Report	100
Domestic Water Testing Services:Chlorine	Chlorine 1 gallon	9
Domestic Water Testing Services:Chlorine Strips	Chlorine Strips	34
Domestic Water Testing Services:Clean and Rebuild Pump and Replace Lines	Clean and rebuild pump; replace lines	75
Domestic Water Testing Services:Clean Foot Valve	Clean and reinstall Foot Valve	50
Domestic Water Testing Services:Clean Well	Clean and sanitize well	75
Domestic Water Testing Services:Coliform Presence/Absence Testing	Collection of water sample for coliform presence/absence testing	20
Domestic Water Testing Services:Consumables	Consumable items including fasteners, glue, etc.	100
Domestic Water Testing Services:Delivery Fee	Delivery Fee from Ukiah to North Coast (Westport to Albion)	150

Domestic Water Testing Services:Diquat	Collection of Water Samples to be tested for Diquat	20
Domestic Water Testing Services:Disinfection By Products	Water Sample collection for Disinfection By Products (DBP) testing	50
Domestic Water Testing Services:Drought Reporting	Filing of the required monthly reporting for Division of Drinking Water	50
Domestic Water Testing Services:Emergency Call Out	Emergency Call Out for Water Issue Inland Mendocino, Lake & Sonoma Counties	200
Domestic Water Testing Services:Emergency Call Out	Emergency Call Out for Water Issue Mendocino Coast	75
Domestic Water Testing Services:Endothall	Collection of water sample for testing for Endothall presence	100
Domestic Water Testing Services:EPA 504 EDB/DBCP	Collection of water samples for EPA 504 testing	50
Domestic Water Testing Services:EPA 507	Collection of water samples for EPA 507 testing	50
Domestic Water Testing Services:Filing of monthly diversion report	required filing of monthly diversion report	20
Domestic Water Testing Services:Filter - Culligan Course Sediment Filter	R50-BBS Sediment (2 filters plus tax)	34.82
Domestic Water Testing Services:Foot Valve	Replace foot valve	75
Domestic Water Testing Services:Gross Alpha	collection of sample for analysis for gross alpha particles	50
Domestic Water Testing Services:Haloacetic Acids	Collection of Haloacetic Acid Sample	100
Domestic Water Testing Services:Herbicides	Collection of water samples for testing for Herbicide presence	75
Domestic Water Testing Services:Inorganic	Collection of water samples for Inorganic testing	20
Domestic Water Testing Services:Inspection Preparation	Preparation of site for inspection by State Water Boards Engineer	50

Domestic Water Testing Services:Inspection with State Water Boards	Onsite Inspection with State Water Board Regulator to answer questions and act on your behalf.	100
Domestic Water Testing Services:Iron	Collection of water sample for testing for Iron	20
Domestic Water Testing Services:Prevailing Wage	Prevailing Wage Labor (per hour)	200
Domestic Water Testing Services:Labor	Labor (per hour)	100
Domestic Water Testing Services:Lead and Copper	Collection of water samples for lead and copper testing	100
Domestic Water Testing Services:Manganese	Preparation and collection of manganese sample for analyzing.	20
Domestic Water Testing Services:Meter Reading	Monthly Meter Reading and reporting to MCCSD -	0
Domestic Water Testing Services:Monthly Travel Fee	Monthly Travel Fee for sites located in Lake and Humboldt County	50
Domestic Water Testing Services:MTBE	Collection of water sample for MTBE Testing	40
Domestic Water Testing Services:Nitrate	Collection of water sample for Nitrate Testing	20
Domestic Water Testing Services:Nitrite	Collection of water samples for Nitrite testing	20
Domestic Water Testing Services:Odor	Preparation and collection of sample for analyzing for odor as required by the State.	25
Domestic Water Testing Services:Oxamyl	Collection of water sample for Oxamyl testing	20
Domestic Water Testing Services:Parts	Misc. parts required to complete project or repair.	0
Domestic Water Testing Services:Perchlorate Testing	Collection of sample for Perchlorate Testing	20
Domestic Water Testing Services:Pesticides	Collection of water sample for EPA 508: Pesticides testing	50
Domestic Water Testing Services:Poly Orthophosphate	1 L chemical	26

Domestic Water Testing Services:Pond Level Assessment	Check, record and report on current level of Raw Water Pond for monitoring purposes	25
Domestic Water Testing Services:Primary/Secondary Organics VOC's	Collection of water samples for Primary/Secondary Organics VOC's	100
Domestic Water Testing Services:Raw Water Testing	Collection of Raw Water Samples	20
Domestic Water Testing Services:Regulated SOC	Collection of water sample for regulated SOC testing	100
Domestic Water Testing Services:Replace Filter	Change filter	15
Domestic Water Testing Services:Replace Harmsco Filter	Replace Harmsco Filter	25
Domestic Water Testing Services:Replace injector and clean pump	Replace injector and clean pump	50
Domestic Water Testing Services:Response to Citation		100
Domestic Water Testing Services:Secondary Standards	Collection of water sample for Secondary Standards testing	100
Domestic Water Testing Services:Specific Conductance	Water sample collection for Specific Conductance Testing	20
Domestic Water Testing Services:Static Water Level Testing	Static Water Level Testing	25
Domestic Water Testing Services:Stenner #EC30G	Replace Stenner EC30G Tube with new. Cost includes replacement part and installation.	40
Domestic Water Testing Services:Testing	Collection of water samples for laboratory testing for common contaminants	200
Domestic Water Testing Services:Trichloropropane	Collection of water samples for Trichloropropane testing	50

Domestic Water Testing Services:Trihalomethane	Collection of Trihalomethane Sample	100
Domestic Water Testing Services:Union 1 1/4" SOC	Schedule 80 1 1/4 union SOC x SOC	7.05
Domestic Water Testing Services:Water Audit	Perform water audit to determine the efficiency of the water system	50
Domestic Water Testing Services:Water Rights Reporting	Filing of required Water Rights to meet compliance standards	100
Domestic Water Testing Services:Weekly Water Testing	Testing of Residual Chlorine levels, pH, and Turbidity as required	50
Environmental Consulting:Appendices	Preparation of required appendices including: special status species with potential to occur in the study area, plant species observed in the study area, site photos and qualification and sitve visit review.	400
Environmental Consulting:Biological Report	Preparation of Biological Report including all preliminary research, preparation of biota lists, field studies and all associated reporting.	5000
Environmental Consulting:Biological Scoping Report	Survey and prepare biological scoping survey for Accessory Dwelling Units (ADU) within the city limits of Fort Bragg	1000
Environmental Consulting:Botanical Study Field Survey	Field surveys as required to complete a biological and botanical study. Price can vary from \$1000 - \$1300 depending on the complexity and size of the project site.	1000
Environmental Consulting:Conference Call	Conference call to discuss project	50

Environmental Consulting:Creek Flow Assessment	Measure and record current flow of creek. Measurements are used to determine maximum daily allowance for water extraction based on current water rights.	50
Environmental Consulting:ESHA Impact Analysis	Preparation of ESHA impact analysis based on project description and findings of the botanical and biological survey.	700
Environmental Consulting:Figures and Tables for Botanical Study	Preparation of Figures and Tables including: project area, map of soil type, topography of project site, ESHA map(s), and summary of biological communities with the study area. Other maps and tables will be prepared as needed based on the particular project site.	1000
Environmental Consulting:GIS Mapping	GIS Mapping - creation of maps for Fire Protection District, including all updates as needed.	30
Environmental Consulting:LCP	Work related to LCP update	50
Environmental Consulting:LSA Analysis for Permitting	Preliminary analysis of conditions for LSA permitting. Environmental condition report and analysis to begin permitting process.	250
Environmental Consulting:Meeting	Meeting to discuss project	50
Environmental Consulting:Methods	Preparation of methodology required for the particular habitats at the project site.	100
Environmental Consulting:Mitigation Measures	Preparation of mitigation measures based on the proposed project description, and ESHA impact analysis.	100
Environmental Consulting:Phase 1 Environmental Site Assessment	Work related to permitting for septic system.	50

Environmental Consulting:Preparation of Memo	Conduct a Phase 1 Environmental Site Assessment in accordance with ASTM E1527-13 protocols.	2000
Environmental Consulting:Project Management	Preparation of Memo	50
Environmental Consulting:Proposed Project Description	Time spent making phone calls, arrangements and other details related to making sure a project progresses as planned and on schedule	150
Environmental Consulting:Regulatory Background Preparation	Preparation of project description	400
Environmental Consulting:Report Preparation	Preparation of the regulatory background information, including information regarding regulations governing: wetlands, riparian habitat, streams, rivers, and anadromous fish habitat, sand dunes, coastal marine ecosystems, open coastal waters and coastal waters, pygmy forests and pygmy-type vegetation, natural communities and ESHA, and special status species.	200
Environmental Consulting:Research and Data Gathering	Preparation of Biological Scoping Survey Report	50
Environmental Consulting:Results Preparation	Research of documents, reports, databases, etc. for information gathering related to consulting project.	50
Environmental Consulting:Review of Reports	Preparation of findings based on specific habitats located within the project site. All results are based on the botanical and biological survey work	300
Environmental Consulting:Site Visit/Field Work	Review of botanical scoping report and wetlands/water delineation report	50

Environmental Consulting:Study Area Description	Site Visit to gather information regarding existing conditions.	100
Environmental Consulting:Table Preparation	Preparation of study area description including: land use history, topography and soils, climate, and vegetation and natural communities	500
Grant Management Services:Grant Management Services	Research and data gathering for development of grant application	50
Grant Management Services:Miscellaneous Supplies	Management of existing grants	50
Permitting and Reporting:Administrative	Del Norte County Per Diem - includes hotel and meals (per trip)	350
Permitting and Reporting:Waste Water Report	Hourly charge for process of securing bids for arborists, survey and excavator	125
Per Diem	Per Diem charge for Del Norte County	400
