

Basic Supply List

VintageCamperShare.com: Included with each vintage camper rental are basic kitchen supplies, including washbasins and soap for use in cleaning, and an outdoor Coleman propane stove with 2 cylinders for cooking. In most cases, an awning is provided, with mallet, ropes, poles, etc. It is suggested that renters bring paper plates and cups, personal care items including bug spray, flashlights, and edibles, of course. Note: Many state campgrounds are dry camping sites. Check when booking.
