Dear Pastor,

I would like to recommend with great joy the Matthew Keller Family. Matthew was my hand-picked Son-in-law. My wife and I observed his faithfulness as a young man and felt he would be a good husband for our daughter. We have not been disappointed! I have had the opportunity to be his father-in-law, pastor, and co-laborer and have found him to be faithful and very capable in every task he has been given.

Andrea has had a heart to do whatever God would have her do for as long as I can remember. Growing up in a Church planters' home she surely understands being flexible. God has given her many talents that will benefit their ministry on the mission field.

They both have a heart for God and a willingness to do whatever he asks of them. They moved to OKC. with the belief that God would have them help us in our church planting ministry. They helped us start two different churches over the past 6 years. Their responsibilities were to do whatever needed to be done and they did so with joy and gladness.

We are getting ready to start our next church and I already miss them. I honestly don't believe there is a better place you could invest your mission's money.
