

Multi-Purpose Folding Mat Thick. 15cm

The Pangu Fold Mat is made from a soft density foam that is 15cm thick, making it ideal for a soft landing surface for judo throws. This mat features four carry handles for easy lifting and storage. With the one fold feature the mat can be folded to a smaller size for easy and compact storage. Ideal for all martial arts usage as it allows a diverse range of drills to be practised that cannot be performed on regular sports surfaces. Perfect for martial arts, judo, indoor rock climbing, gymnastics, gym sports, schools, multi-purpose halls, PCYCs, YMCAs.
