# GBAC<sup>®</sup> ✓ CERTIFIED DISINFECTING SERVICES

### Premium

Fogging application of EPA Approved, Hospital Grade Disinfectant on all accessible surfaces, at breathing heights, using industrial equipment.  
*(No cases of COVID-19 have been confirmed, but at least one person has shown signs or symptoms of being ill)*

### Premium +

Same initial fogging application as used in our Premium service, plus additional applications of EPA Approved, Hospital Grade Disinfectant targeting high contact surfaces. High contact surfaces are then clean wiped before service completion.  
*(At least one (1) case of COVID-19 has been confirmed)*

\*20|20 can also tailor services for specific jobs per client specifications or location requirements
