LABORATORY
FURNITURE

www.primelabsystems.in

primelab systems, our laboratory wall tables are meticulously designed to provide a stable and well-organized space for conducting scientific experiments, research, and analytical work. These robust tables come equipped with essential utilities such as gas, water, and electrical connections, ensuring seamless workflow. To enhance productivity and efficiency, our wall tables also include reagent racks, storage compartments, and equipment shelves – all crafted from high-quality materials with a focus on durability and safety.

ACCESSORIES

1 WAY WATER TAP

3 WAY WATER TAP

**GAS VALVE
1W,2W,3W,4W**

EYE WASH

SAFETY SHOWER

**POLYPROPYLENE
SINK**

TABLE**

FUME HOOD

FILE STORAGE MOBILE COMPACTOR

1-BAY MOBILE COMPACTOR

1-Bay Mobile Compactor is designed for optimized file and document storage in rooms with a minimum **width of 6 feet** and a length ranging from **9 feet to 27 feet**.

2-BAY MOBILE COMPACTOR

2-Bay Mobile Compactor is designed for optimized file and document storage in rooms with a minimum width of **9 feet** and a length ranging from **9 feet to 27 feet**.

3-BAY MOBILE COMPACTOR

3-Bay Mobile Compactor is designed for optimized file and document storage in rooms with a minimum **width of 12 feet** and a length ranging from **9 feet to 27 feet**.

4-BAY MOBILE COMPACTOR

4-Bay Mobile Compactor is designed for optimized file and document storage in rooms with a minimum **width of 15 feet** and a length ranging from **9 feet to 27 feet**.

5-BAY MOBILE COMPACTOR

5-Bay Mobile Compactor is designed for optimized file and document storage in rooms with a minimum width of **18 feet** and a length ranging from **9 feet to 27 feet**.

OUR PRODUCT RANGE

Storewell

Glass Door Cabinet

Industrial Lockers

Heavy Duty Racks

TECHNOLOGY THAT DELIVERS PRECISION

1. Laser CNC Metal Cutting Machine

Ensures accurate, smooth, and high-precision cuts for perfect fabrication.

2. CNC Bending Machine

Provides precise bending and shaping of metal for superior structural integrity.

3. Anti Rust Treatment Process

Ensures the highest level of metal pre-treatment for rust prevention and increased product lifespan.

4. Automatic Powder Coating Plant

Delivers a long-lasting, corrosion-resistant finish for enhanced durability.
