About Us:

MSTEPP was established in 2007 to unite Mohave County citizens to find solutions to the substance abuse epidemic throughout our communities. At the time of MSTEPP's formation, substance abuse was considered "out of control." Unfortunately, this issue has progressed into a nationwide emergency. MSTEPP seeks to break this unhealthy and heartbreaking trend by facilitating drug and alcohol education opportunities, encouraging substance abuse prevention programs, and encouraging the development of high quality treatment programs which are accessible and affordable to all Mohave County residents.
