

# THE SOUTHERN PENINSULA BIOLINK AND TRAIL

## A NEW ENVIRONMENTAL AND COMMUNITY USE FOR THE NEVER-WILL-BE-BUILT MP FREEWAY EXTENSION EASEMENT

THE LOCATION: From Canterbury Jetty Rd (West) to Boneo Rd (East)

**THE AIM:** Repurpose the old freeway easement to create an environmental biolink and path between the MP National Park and the Arthurs Seat and Greens Bush Parks.

**THE STRATEGY:** Convince the Victorian Government and MP Shire to abandon the never-will-be-built freeway and allow the land on the old easement to be used as a biolink and community pathway.

**HOW YOU CAN HELP:** Join (it's free) and support the Friends of the Southern Peninsula Biolink. Help us to convince State and Shire governments that the biolink and community pathway are far better uses for this land than a freeway to nowhere.

**HOW TO MAKE CONTACT:** [fotsopenb@gmail.com](mailto:fotsopenb@gmail.com) SMS: 0419 290 857
