ABOUT

I am a devoted filmmaker that has developed skills in directing and post-production editing. Throughout studying a Bachelor of Film Production at SAE Creative Media Institute, Brisbane, I have repeatedly taken the initiative to contact clients and produce noted content outside of the prescribed coursework. This body of work, as listed below, includes multiple music videos, with two MVs broadcasting on **Rage ABC**, and a short film which received accolades, winning the **BEST SHORT AWARD** in the EMERGE section at the *Gold Coast Film Festival 2022*. I am dedicated to the craft of filmmaking and hope to continue to both gain more experience and provide my value in the industry.
