

Dear Hiring Manager,

Please accept and review this letter of recommendation for Christopher Latham. I have known Chris for approximately 5 years and can attest to his both his professionalism, work ethic, and personal character. I had the opportunity to work with Chris when I employed him to assist us in a large-scale growth endeavor. Chris was responsible for reviewing our existing talent acquisition process, including our marketing approach, interview models, and onboarding processes. He then recommended and helped implement streamlined processes for us. He sourced new candidates, screened new applicants, and scheduled all final interviews with our leadership team, and did so with a high level of performance, allowing us to onboard over 50 employees in approximately 90 days.

If you are seeking a professional to assist your company in hiring strategy, I highly recommend you consider Chris for the role.

Regards,

Jake Green
