

Hi Everyone,

What a beautiful day for a picnic. Pontiac Pete hosted us this year at his beautiful home in Live Oak. Two huge carports to sit under... Ken playing the music... and just a wonderful variety of covered dishes to share.

Pete has a very large building where he keeps most of his Pontiac's and some other cars as well. He took the time to take us on a tour of his treasures.

If you go on our new website, you will not only see photos of today but also Don put videos and you can see what I'm talking about.

So many people to thank. First... Pete thank you for opening your home and giving us a great day. Ralph and Kelly... THANKS for doing all the shopping for the meat, rolls, condiments and drinks (in the middle of a hailstorm). Then Kelly for doing all the cooking... Marie for taking care of the tables... and Ken for playing all the music for us. Everyone just pitched right in while I spent everyday at the hospital for the last two weeks in Ocala with my brother. Thank you to all that came out and brought your side dishes or desserts and if you didn't get to come, we missed you.

Happy Mother's Day Ladies and thanks again everyone.

Love you all,

Shirley
