NEED A PERFECT GIFT IDEA?

I can't think of a better gift to give someone who loves this hobby than an AACA membership. Do you have friends and family who aren't current members and enjoy antique cars as much as you do? With the benefits of Antique Automobile magazine and the Library and Research Center alone, how can you go wrong?!

An AACA membership is a unique gift that gives all year long!

A message from our President

Hello to all of you Suwannee River Region AACA members. Welcome to Summer of 2025 - hot, humid, mid 90's, with a chance of afternoon/ evening thunderstorms - No meteorologist required! Yep, its time to stay hydrated. OK I get it - its time to move on as we all know its hot and humid. For those of you that missed the Cookout on Saturday May 17th at Sherm's home we

had a great time, a lot of great food, plenty of desert, and fantastic weather. On May 31st only 10 folks showed up at The Pink Flamingo in High Springs. Again the weather was perfect, the prices were reasonable, and the food was great with large portions. They have a big covered outdoor space with large overhead fans - we definitely need to go back there! The very next Saturday on June 7th was the Blueberry Festival in Wellborn. Our club was in charge of the parade. Pre registration in the weeks prior to the event did not work out even though all the advertisements and notices stated to please do that. We had 22 vehicles, 2 floats, plus Suwannee County Fire Dept, Suwannee County Sheriffs Dept and the FL Forrest Service. A big THANKS goes out to Chuck & Diana Partington and Ralph Towner for helping me get all the vehicles registered. Sherm Stanley and Bob Hoffman helped round up vehicles to come out and participate, Michelle Huntsman coordinated the pancake breakfasts for the participants, and Ken Barton was the parade announcer and spun tunes. Ken also played tunes at the Cookout and at the Pink Flamingo.

The June meeting had a good turnout despite the Columbia Fire Dept not showing up for the fire extinguisher presentation. I 'll try to get them out for that again.

THERE WILL BE NO JULY MEETING!!

I have discussed this with all the club officers and board members. The meeting would have been on Thursday July 3rd . Many folks travel for July 4th festivities. The month of July is always very hot and humid and the club currently no meetings planned for July at this time. We will resume with our regular meeting on August 7th , 6:30pm at the EAA Hangar in Cannon Creek Air Park in Lake City. I will be sending out email updates throughout the month so please keep an eye out.

Suwannee Hardware is sponsoring a Car show on Saturday June 28th in White Springs and Columbia County is sponsoring a Car Show on July 4th at the fair grounds that starts at 5pm. They are asking for pre registration. I will be sending a notice out this week with their Flyer. Our club is not working at or doing anything at these 2 shows-Participate if you wish. We have no Club Activities planned for July due to the Heat and folks Travelling. Everyone please be safe and stay hydrated. I'll see yall at the August 7th meeting. Thanks, KJ

Summer is here. Hot and humid as typical in Florida. Thank goodness for Mr. Willis Haviland Carrier who invented modern air conditioning in 1902. I really don't know how people managed to live here in the summer before air conditioning.

We have had a busy last few months. A great loss came our way via the death of our 8 month old Great Nephew Samuel in April. He was born prematurely and fought hard to survive, but passed at only eight months old. Never leaving the ICU. GOD rest his soul. Then, the birth of another Great Nephew Bennet in late May to our niece in Michigan. Life and death, death and life, what a joyous, yet brutal, yet joyous cycle of emotions. The biblical concept of "GOD never gives you more than you can handle" is tested in these times and shows that GOD has a lot more faith in our ability to handle things than we have in ourselves. We are thankful for family and all the time we get to spend with them. We had a good trip to Michigan with our grandson to meet Bennett. We are looking forward to family vacation in August with our daughter and both grandchildren before school restarts. I am also entering, hopefully, my last year of full time employment. Over 50 years of working is enough. Retirement is on the horizon for me by next summer.

We are always open to kudos and constructive criticism. If you don't like something, please say something and conversely, if you like something, feel free to express your accolades. This newsletter is for the benefit of all of the club members. We will do our best to satisfy everyone's needs. If you attend an event that we don't, please take pictures and send them to us with details. We will do our best to include as many events as possible throughout the year. Suggestions, kudos and helpful tips can be emailed to either of us at ghowd@aol.com or nriade.com or srraaca@comcast.net

One of the advantages of being married to "Pontiac Pete" "Oldsmobile Pete" or "GM Pete", as he is randomly known by, is being spoiled and showered with gifts like the beautiful 1948 Pontiac Silver Streak.

Yvonne certainly deserves it. She is a lovely woman with a super sweet personality and she is well liked by all who know her. Still a kid at heart (see page 11 for further details on that) she obviously enjoys being the apple of Pete's eye and the benefactor of his love and generosity. They are a great

couple who have many classic vehicles.

It is always a pleasure to interact with Yvonne and she represents our car club well. If there is ever a position for club ambassador or member recruiter Yvonne has my vote.

When you hear the word "backfire" you probably associate it with an Internal combustion engine. However, in august of 1979, it took on a new Meaning, when a Spanish air force pilot engaged in gunnery practice against a hillside target was struck by ricocheting bullets. He was forced to land and thankfully the only injuries he suffered was to his pride.

Trivia: Charles "Black Bart" Coles was a very successful stage coach robber in the old west during the late 1800's. His primary targets were stage coaches owned by Wells Fargo. It's rumored that the company offered him a substantial monthly "pension" if he quit attacking them. He supposedly accepted and the robberies ceased. Fact or legend, your choice.

Jerry's Silly Humor

Who broke into the bar and stole the Limbo Stick. Seriously, how low can you go?

Wife asked her husband to go to the store. She said "Get one gallon of milk and if they have eggs get six." A short time later the husband walks in with six cartons of milk. The wife exclaims "Why in the world did you buy six cartons of milk?" The husband replies "Because they had eggs!"

A six year old daughter asked her mom "Why are some of your hairs white?" Mom replies "Every time you make me sad another hair turns white." The daughter with wide eyes says "What did you do to Grandma?"

I am at the age where my mind thinks I'm 29, my humor suggest I'm 12 and my body keeps asking if I'm sure I am not dead yet!

I hate it when people ask me if I did anything exciting over the weekend... Like I'm going skydiving or something. I'm old. I went to Walmart, did the laundry, ate too much food and took a nap. That is a exciting weekend.

My wife turned to me and said "You just yawned six times while I was talking to you. Am I boring you?" I replied "Those were not yawns. They were six unsuccessful attempts to speak."

My wife caught me holding in my stomach while standing on the scale. She said "You know that's not going to help." as she laughed. I replied "Actually it does. It's the only way I can see the numbers on the scale."
