

## Framing Plaque Proofs for Display in Home or Office

Sample Framed Proof

As your digital proof is high definition, you can print it, then matte it and frame it! If you don't have the original proof, please send an email requesting a replacement to [SidneyVMPA@gmail.com](mailto:SidneyVMPA@gmail.com), please allow a few days to process. However, if you have a local area framer or art reproduction business that has the ability to download an image forwarded to them, have them print it as a 12"H x 8"H high definition image with a 1" white border on acid free/museum quality paper medium – it is highly recommended. The above sample is of a framed 12"W x 8"H proof produced in this manner (printed with gray matte under glass with black frame) - a beautiful memento of U. S. military service to our nation. (Estimated commercial cost ranges from \$60 - \$75)
