

October 2018

Dear Partners and Friends,

In September we were hit by Hurricane Florence. The recovery from the hurricane will take a long time as people rebuild their lives. Our grandson's school is still closed. He has been out of school now for a month. Please continue to pray for North Carolina.

Thank you for all the kind messages and prayers. We lost a lot of trees but none of them fell on our house which we feel is a miracle. Our family living in North Carolina is safe and we feel very blessed. It has been a huge clean up working from morning until dark for two weeks, but the important things have been done to keep property and people safe. The rest will take time and can be done gradually. Roger had to cancel meetings in Missouri to get back home to start the clear up.

We want to thank all those who gave extra to help us with the cost of cleaning up. It has really helped as the storm damaged our air condition unit. We also had to have a tree company help with cutting some trees down, that were close to our house leaning.

Our schedule for the rest of the year is very busy. In November Roger and Mary will be ministering in Switzerland and the UK. Roger will also be ministering in Kenya in November. Please pray for strength and wisdom as we plan these trips and for all financial needs to be met.

***Isaiah 25:4- "For you have been a strength to the poor, a strength to the needy in his distress, a refuge from the storm."***

Thank you to our partners and friends for your continued prayers and support. May God bless you abundantly and meet all your needs. We appreciate our partners and feel very blessed to have you in our lives.

In His service!

Roger & Mary King
