October 2020

Dear Partners and Friends,

We have been praising God for our partners and thinking about partnership.
Ecclesiastes 4:9 *'Two are better than one, because they have a good reward for their labor."* It goes on to say in verse 12 *"a threefold cord is not quickly broken."* How true that is in the times we are living. More than ever we need to stand with others. The devil would love to isolate people. You, our partners have allowed the work to keep going forward with every need being met.

This past month we had the privilege of helping another children's home in Myanmar to put electricity into their home. We provided the power poles and cable and the labor to have it installed. They will now be able to have lights without using a generator and cook without charcoal.

Our Children's Home in Yangon needed a new rice cooker, and we were able to purchase one. Rice is the main stable of food for them.

One of our graduates of the Bible College is working in Shan State and is seeing fruit from his labor, winning new believers to Christ. We try every month to support a number of the workers from the Bible School.

The church south of Mandalay has started the new church building. They have had steady growth and continue to move forward with the church. We are blessed to see their progress.

We have been traveling and ministering in churches in the States this past month. It has been good to see friends and partners and have a time of fellowship and prayer with them. We are standing together in faith during this challenging time.

PRAYER REQUEST:
Continue to hold up **Abraham** our Children's Home director, he is still locked down in New Zealand and can't get back to Myanmar.

Pray for more meetings for us in the US. Roger will also be doing a number of meetings using Zoom which will allow us to minister overseas. The meetings will be live, so the time difference will make it very interesting, not to mention using Zoom which is new to us.

In His service,

Roger & Mary
