Health & Safety Basics Part 2
CCDF Training

To help providers receive their CCDF training, Child Care Resource Center will be presenting the second part of Health & Safety Basics **on Saturday, May 21st.** Each part will cover five of the CCDF Training areas. Participants will be able to receive 1 hour of training in each CCDF area presented for a total of 5 hours on each Saturday.
**** For more information see registration form on page 13****

Care for Kids

You are invited to attend a training session to learn more information on the Care for Kids program! This program is a sexual abuse prevention program that promotes healthy relationships at an age-appropriate level for pre-K, Kindergarten, first, and second grade students. After attending the training, you will have the opportunity to schedule your time to have our staff work with you to facilitate the program at your center or family childcare home.

During this training, you will be able to explore The Care for Kids program which includes a classroom curriculum, trainings for center-based and family childcare home providers and school staff, and information and events for parents and caregivers. This workshop will be facilitated by a CCRC staff member who helped to develop the revised edition of Care for Kids, so bring your questions and curiosity!

Healthy Kids, Healthy Future
PALS
Physical Activity Learning Session

Physical activity is extremely important for infants, toddlers, and preschool children. Not only does physical activity promote healthy bodies, it also helps children develop necessary school readiness skills!

PALS is a series of three trainings designed to give early care providers a solid knowledge base to increase daily physical activity in both indoor and outdoor settings. The PALS content addresses physical activity for children birth through age five years. The sessions will include topics on types of physical activity, how to build more movement into the childcare day, and how to encourage family involvement.

Providers can choose to attend all three sessions or just one session. For more information about each session see page.......

Severe Weather Policy

In case of severe weather, CCRC will notify participants registered for a scheduled training by phone and email as soon as the decision to cancel the training is made. The cancelation notice will also be posted on our Facebook page.

We've Been Missing You!

We are hoping to bring our Resource Van back out in April! Due to Covid-19, the Flu, & other illnesses, we felt the need to postpone our routes in January & February.

• We serve Chambers, Lee, Macon, Russell, and Tallapoosa counties.

• Available resources will include: Die-cuts; CD's; Teacher Activity Books; Children's Books; Activity Kits

To register for the Family Resource Van to visit your program, please contact: Latilia Gullatte at 334-749-8400 Ext. 9225, or Jenny Sanders at 334-749-8400 9231.

In order to best serve you, we will be following the protocol below:

1. Centers on the resource van routes will be called 1 or 2 business days in advance. This will allow for check-outs and die-cuts requests to be made ahead of time.
2. Only CCRC employees will be allowed on the resource van.
3. When you hand us your paper, we will roll out your die-cuts for you.
4. When you request an item for check-out, the item will be dropped-off, and then picked-up the next time we visit your center.

Early Childhood Career Development Opportunities

Child Development Credential

The Child Development Associate™ (CDA) National Credential represents the crossroad where education and experience meet. This crossroad epitomizes competence and is a pathway to learning best teaching practices for many early educators:

- A lead teacher who already holds an academic degree, but needs to gain hands-on practical skill and competency in early care and education.
- An assistant teacher with experience, but little formal education.
- A family child care provider who must improve the quality of his/her setting to meet accreditation requirements.
- A high school student interested in pursuing a career in working with young children.

The CDA helps early educators meet current state and national professional requirements. CDA recipients are competent practitioners who value vital knowledge, skills and formal education. The CDA is portable, recognized in all 50 states, the District of Columbia, U.S. territories, community colleges, school districts and the military.

For more information about the CDA credential, contact Susan Fordham at 334-749-8400 ext. 222 or susan.fordham@ccrc-

SUSCC Child Development Program

The Associate in Applied Science Degree Program satisfies the mandate of the Head Start Act. This program of study also meets the Alabama state minimum standard qualification for director, program director or teacher in a licensed childcare center. The Child Development Certificate, which meets the requirements for director of a center, program director or teacher in a licensed childcare center is available as well. The Child Development Award of Achievement meets the education component requirements for students who want to obtain a Child Development Associate credential (CDA).
