### Lodging

The purpose of this trip is to provide you with an authentic Italian experience in every possible way. The trip's price of €2000 per person includes private apartment accommodations located in the heart of Cortona. Typically, we will book four people into a two bedroom, two bathroom apartment. Therefore, if your group is larger than 4 people, you will be split into two apartments. At least 6 months before your trip, we will provide you with photos and a list of amenities in the apartment for your planning purposes. If you are split into two apartments, they will be no more than a five minute walk from one another.

If you would like to request different accommodations from what is described above, please use the following question to provide us with insight on your group's preferences. Most of these special requests will incur an additional charge and that amount will depend on your travel dates and lodging availability at that time. Special requests selected below will be confirmed through a separate email in which we will send you information on options and pricing.

Finally, if you prefer to book your own lodging in Cortona, then your trip price will be reduced by €400 per person.
