

I'm Ted Kittila and I'm running for Delaware State Senate in the 4th Senate District.

I am a lawyer and managing partner of a national law firm here in Delaware. But I'm most proud of being a husband of 22 years to Anne-Laure and a father of two teens, Alex and CC.

Why am I running for State Senate? I am a native Delawarean who believes that we can do better for our children, our neighbors, and our state as a whole. Delaware State Government is seriously off track.

I'm proud to be a product of the Delaware public school system: from Kindergarten through the University of Delaware. Our children deserve a world-class education.

Yet, despite spending more per student than most other states, Delaware's schools consistently struggle. We can do better. We need adequate funding to attract the best teachers.

We have just been through one of our most challenging periods. The effects of COVID isolation on our children's mental health has been profound. We need to fully fund mental health support at all grade levels.

Our neighbors deserve strong communities. Strong communities—where families are safe and jobs are plentiful. We need to support our first responders, not defund them. We need to attract employers through sound fiscal and tax policies. We need to support seniors through fair taxation.

A billion dollar surplus should not be squandered on legislative pet projects.

All Delawareans deserve real change. One party rule has led to more of the same in Dover. We need to restore balance with new ideas and not just more of the same old political business. We can do better.

If you want to know more about my campaign, visit my website at www.ted4delaware.com.

I need your help. I need your support and vote. We can do better. Together we can make Delaware the very best place to live, to work, and to raise our families.
