We Are E.P.I.C. - Extraordinary Partners In Construction

SPEAKER NOMINATION FORM

PROPOSED TOPIC: Workplace Culture and the Dangers of Groupthink

This panel will discuss the culture that construction companies need to create in order to be successful in the 21st century. If we do things the way we've always done them, we'll continue getting what we've always gotten. Being mindful that groupthink is problematic and can negatively impact workplace culture, this panel will explore challenging obstacles like mental health, bridging the generational gap, lack of leadership development and training, toxic energetic environments, the dangers of groupthink and innovative solutions for investing in our most important asset - our people.
