Notification Process

- **Door-to-Door Alerts:** In the event of an evacuation order, our team will go door-to-door to make sure everyone is aware and informed.
- **Advance Notice:** The Saskatchewan Public Safety Agency (SPSA) will make every attempt to provide 48 hours' notice before a full evacuation order is required but circumstances can change and this may not always be possible. Be prepared to act quickly if necessary.
- **Initial Alert:** Please be advised that the initial evacuation alert will be initiated via SaskAlert to ensure timely and widespread notification. Updates will be made available on our website and Facebook page following the SaskAlert notification.
