

PRE EVACUATION ORDER

Effective Immediately:

a Pre-Evacuation Alert has been re-instated for the
RM of Paddockwood in the Candle Lake area.

May 25, 2025

A pre-evacuation alert has been reinstated for the Candle Lake area. Residents and visitors are encouraged to stay informed and prepared for potential evacuation orders.

This alert typically signifies that conditions are being monitored closely, and while there is no immediate threat, circumstances could change rapidly.

It is advisable for those in the area to review their emergency plans, ensure they have essential supplies ready, and stay tuned to local news outlets and official channels for updates.

Community safety is the priority, and cooperation with local authorities will be crucial in ensuring a smooth response if evacuation becomes necessary.

More information and links can be found on the RM of Paddockwood website: <https://rmofpaddockwood.com/emergency-notifications> updates will be posted on our facebook page as well as our website.
