## “UNPARALLELED CAPABILITY”

The RTV4 builds on the successful design characteristics of the RTV2 with an additional 2 crew seats as standard, increased payload and a wider range of mission kits, all underpinned by the proven reliability, performance and robustness of the in-service vehicle.

### FEATURES:

- > High capacity front tray and centralized stowage optimizes weight distribution (approx 55/45) for improved vehicle stability and handling
- > Over 1000kg (2200lbs) of reconfigurable payload
- > 2/3/4 seats combined with 1 or 2 litters for casualty evacuation
- > Integrated ROPS Weapon Mount with centrally located ammunition stowage
- > Fully Flat Front and Rear Cargo Trays with inbuilt tie down rails.

### SPECIFICATIONS:

- > 82HP Rotax Gasoline Engine
- > Top Speed 108km/h (67mph)
- > Range: 320km (200 miles) with Standard Fuel Tanks
- > Fording: 750mm (30in) @ 5mph
- > Ground Clearance: 340mm (13.4in)
- > Payload: Min. 1000kg (2200lbs)
- > Winch: Front / Rear 6000 lb

### MISSION KITS:

- > Multi-position collapsible integrated minigun (M134-D)
  - > Integrated 3000 round 3-Bay Ammunition Magazine for M134-D
  - > Crew Served Weapons (CSW) including - M2, M3M, M134-D and Mk19
  - > CsUAS Integrated Mast with Radar, E/O and RWS.
  - > RWS Compatible - FN DeFNder Lite and EOS R150
  - > MRAAW Javelin
  - > LGR-4 Fletcher
  - > Mortars - 69mm , 81mm & 84mm (inc. Launcher)
  - > Dual swing Arm M240/M249 mounts for all non-driving crew
- plus more.....*
