

## The Ivatt Diesel Re-creation Society

10000 was constructed in 1947 by the London, Midland and Scottish Railway in partnership with English Electric. It was Britain's first mainline diesel locomotive.

Sadly, the original pioneer loco was scrapped in 1968, despite attempts to preserve it, seven years before the National Railway Museum opened.

The aim of the Ivatt Diesel Re-creation Society is to build, exhibit and operate a new D16/1 design loco and thus create a lasting legacy for the original loco.

The project was made possible because of the existence of an original 1947-built English Electric 16SVT power unit, which we now own. This power unit has exceptionally low running hours and is in great condition.

We already own 58022 which will form the chassis along and a set of EM2 bogies. Assessment and restoration work commences in 2019.

Our next priorities are to obtain parts from classes 20 and 37 and to secure covered accommodation.

### The Co-Co Club Constitution

**Objective:** To raise money through the operation of a fundraising club in order to support the aims and objectives of the Ivatt Diesel Re-creation Society.

**Membership:** Membership will be open to all members of the public who are 18 years old or over.

**Trustees:** The Club is to be administered by the trustees of the Ivatt Diesel Re-creation Society. Trustees may not subscribe. The Club treasurer will be appointed by the trustees and will be responsible for keeping the accounts of the club and for arranging payment and prizes. The IDRS trustees will be responsible for allocating the surplus income to IDRS projects each year. In any matter relating to the Co-Co Club the decision of the IDRS trustees shall be final.

**Subscription:** The subscription payable to the club is £5 per month per entry, payable monthly in advance. There is no restriction on the number of entries to which an individual member may subscribe. Payments must be made by Standing Order and must have been cleared through the banking process on or before 20th March, 20th June, 20th September or 20th December. Payments received after midnight on those dates will roll over to the following quarter's draw.

**Draw dates:** Draws will be made in the first week of April, July, October and January. Every member shall be allocated a roll number for each entry in the draw. The winning roll numbers will be selected by online random number generator such as random.org

**Prizes and draws:** 50% of the net payments shall make up the prize fund, of which, 70%, 20% and 10% will be the 1st, 2nd and 3rd place prizes awarded. Payment of each prize will be made by a banking transfer. If the Trustees are unable to pay or contact a winner, any prize not claimed or paid after 12 months will be added into the next prize fund. Money paid for entries does not contribute to your total under "benefits for donors".

**Accounts:** The treasurer of the Club shall be required to maintain the Club accounts and report to IDRS trustees. All members shall have the right to inspect the Club records in person upon giving the treasurer not less than 7 days notice prior to the inspection.

**Data protection:** As a condition of entry to the Club members consent to their details being retained solely for the purpose of administering the Club and agree that these details may be stored electronically as well as in writing for as long as the trustees deem necessary for the purposes of auditing the activities of the Club. No details will be sold on or provided to any other organisations except as required by British law.

**Disputes:** In the event of a dispute the majority decision of the IDRS trustees, acting within British law, will be final and there shall be no appeal.

**Registered with Sunderland Council under part 5 of schedule 11 to the Gambling Act 2005. 17 January 2019**

# LMS 10000

## Co-Co Club

WIN cash prizes in our quarterly draw and help us to finance the next stages in the re-creation of 10000.

LMS 10000 Co-Co Club

Ivatt Diesel Re-creation Society Charity no: 1147032

www.LMS10000.co.uk  
46 Biddick Village Centre, Washington, NE38 7NP

## The LMS 10000 Co-Co Club

It is easy to join and costs just £5 a month, so come and help our charity to succeed in bringing 10000 back to life.

The prize money for each draw will be 50% of the funds held so the more entries, the more there will be to win! The 1st, 2nd and 3rd place prizes will be 70%, 20% and 10% of the prize money. Draws will be held in April, July, October and January.

10000 was Britain's first mainline diesel locomotive. It was also the first British Co-Co locomotive in traffic. Co-Co is the notation used by railways for a locomotive with two bogies, each with three axles powered by electric transmission.

## Gift Aid declaration

Please treat all donations that I make today and in the future to the Ivatt Diesel Re-creation Society as Gift Aid donations. I confirm that I pay the equivalent amount in Income Tax or Capital Gains Tax in the tax year.
