Expand Beyond Your Current Culture

**LESLIE SHORT**  
Brand DEI and Culture Strategist

Leslie Short provokes a dialog that must be had in every board room, every C-Suite, every organization, every home. Her ability to honor the resilience of anyone who has experienced exclusion and diagnose the illness it causes is powerful. Her ability to tackle the disease head *on then with surgical precision, find the root cause and extract it, has the ability to heal us all. Heed her words, they will forever change you.*
